

Dear Parishioners,

This year has been one of unprecedented and continuing challenges. We are all conscious of the need to restore and rebuild our communities, accepting that we need new ways of working and relating to each other.

We are trying to reach out to our parishioners to hear their concerns. Please indicate in the form below if you would like to speak to someone from the parish.

Our parish is also in partnership with Citizens UK, a non-partisan alliance of over 30 civil society institutions, all working together for our common good. They believe that community organising is democracy in action: winning victories that change lives and transform communities.

Citizens UK are currently conducting a listening project, to reach out and listen to concerns that you may be facing. They are holding a 'Next Steps' assembly meeting on Thursday 11th February 2021 and would like to hear from you. If you would like to let us know about your concerns, please complete the form below and we will discuss the main themes from this parish at the meeting.

The assembly will be attended by many communities across Nottingham who will discuss the concerns raised to them by their groups/parishioners. Issues and concerns that are in the broad interest of the whole assembly will be taken forward.

Citizens UK enable people to be more involved in their community, and to participate in making changes within a supportive network.

Yours Sincerely

Fr. Michael Brown
